After its publication, the MIS and DEIS will be available for public and agency review and comment. If a DEIS is prepared, a public hearing will be held. On the basis of the MIS and DEIS, and the comments received, RCRRA and the MPO will select a locally preferred alternative for a major investment strategy. The locally preferred alternative will then be reaffirmed by the MPO for inclusion into the Transportation Policy Plan for the Twin Cities Metropolitan Area (regional transportation plan) and the Transportation Improvement Program (TIP). The MIS shall lead to specification of the project's mode, the design concept and scope in sufficient detail to meet the requirements of the US Environmental Protection Agency's transportation conformity regulations [40 CFR 93 and 23 CFR 450.322(b)(8)]. RCRRA and the MPO will then seek approval from FTA to continue with Preliminary Engineering and the preparation of the Final EIS.
